Technical Support / Training

Both technical support & training are available at our standard rate of \$100/hour, or can be purchased in blocks of 6 hours @ \$500/block.

If the client requires on-site support, Infosite will invoice the client for travel expenses and time @ \$1750. Per Diem charge is \$800 for living expenses and on-site work, based on a 6 hour/day.

Infosite reserves the right to require a deposit for estimated travel expense; otherwise, full payment for technical support is due upon receipt of invoice. (See Technical Support policy for full details)

Infosite is not responsible for information generated by, or updates to, third party software.
